

## **Environmental policy statement**

We are committed to leading the industry in minimising the impact of our activities on the environment.

The key points of our strategy to achieve this are:

- minimise waste by evaluating operations and ensuring they are as efficient as possible;
- actively promote recycling both internally and amongst our clients and suppliers;
- source and promote paper stocks that have minimal environmental impact;
- source and promote printers that minimise their environmental impact during both production and distribution;
- offer clients effective communications solutions with minimal environmental impact;
- meet or exceed all the environmental legislation that relates to our activities.
